Community News

Land Conservancy of West Michigan

We partnered with the Land Conservancy of West Michigan during the months of April through the end of June. They conserve land by creating public nature preserves, providing support to communities, and helping private land owners. We are honored to collect donations from all six of our branches for LCWM. A group of West Michigan Credit Union team members were also able to volunteer with LCWM and deconstruct old hunting blinds and stands at McDuffee Creek Nature Preserve in Bitely, MI near the Pere Marquette River!

Thank you to our members for being so passionate about conservancy and helping to **keep nature nearby**.

We Have a New Check Printer!

West Michigan Credit Union is now partnered with Main Street for all of the check printing and check accessories that you, our members, need.

Checks with specialty designs are also available through Main Street, but are not available to be redeemed with member rewards points. As we have recently introduced our partnership with Main Street, we are not yet offering online ordering. We hope to offer online ordering of checks and check accessories soon; however, for the time being, members will need to get in contact with us to order your checks.

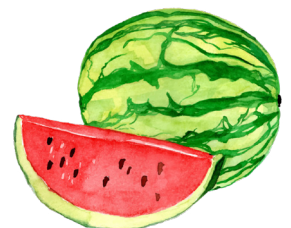

Please call 1 (800) 442-4576 to speak with a Member Service Representative, visit a local branch, or contact us through our website at WestMichiganCU.com/reorder-checks to place your check order!

Quarterly Insurance Update:

Did you know that there are over 1,000 different kinds of watermelon in the world? Watermelon is a staple summer food and has incredible benefits for the human body. It is estimated that the United States consumes 14.5 pounds of watermelon per person each year - most common in the summer, of course!

Summertime also includes recreation vehicles that we only see a few months out of the year. We are so excited to get out these vehicles and start riding that we forget to review our insurance policy! Most home insurance policies will exclude coverage from vehicles such as ATVs, UTVs, motorcycles, mopeds, boats, or golf carts. Melissa at Comparion Insurance has several insurance carrier options, so she can do the shopping for you while you enjoy the summer sun!

If you have not reviewed your insurance in the past year, now is the time! Feel free to call, text, or email Melissa with Comparion to review your policies and have a stress-free summer!
